

■ SPECIFICATION

**AGT Sensor Reader**

Model	AGT ergonomic	AGT extreme	AGT ultimate
Storage capacity	1,000	2,000	16,000
Dimensions	Diameter 18mm, length 87mm, weight: 49g		
IP Rating	IP68 Protection against dust ingress and long, durable periods of immersion in water		
Temperature	Operating: -30°C to +60°C , Storage: -40°C to +60°C		
Indicator	Blue LED Optical and Beeping Acoustic		
Protection	ANTI-VANDAL® Technology		
Battery	Lithium Battery 3.6V with 10 years guarantee lifespan without charging		
Warranty	1 Year (1,000 AV points)   3 Years (3,000 AV points)   5 Years (5,000 AV points)		

**ANTI-VANDAL® Technology**

System	Auto Detects and Records vandal attempts
Material	Alloy and Stainless Steel with high durability and robust construction
Water	Waterproof resistance IP68
Temperature	Resistance against high and big changes of temperature -40°C to +85°C
Drop or Hit	Detects 3 levels of hit impact intensity : small , medium and strong hit
Microwave	Detects and resistance against the microwave radiation
Over-Voltage	Detects and endure over-voltage of 265V and survive portable Tasers up to 200,000V
Short Circuit	Detects and undamaged by intentional discharge internal battery by short-circuit the sensor probe head; and the AGT sensor battery life is not reduced

**TAG Checkpoint, TAG Identification, TAG Event Keypad, TAG Memory Chip**

Type	Stainless Steel MicroCan ; 1-Wire Technology ; support majority iButton technology
Dimension	17.35mm (diameter) 5.89mm (height) each MicroCan
Temperature	Operating: -40°C to +85°C
TAG Checkpoint	Stainless Steel Static MicroCan with Irremovable holder after installed; option available : vandal-proof brass metal holder
TAG Identification	Stainless Steel Static MicroCan with Plastic key tag
TAG Event Keypad	Stainless Steel Static MicroCan Available in 10 Event Keypad; or 50 Event Keypad upgradable to 10,000 Event with Professional License key
TAG Memory Chip	Stainless Steel Dynamic memory MicroCan; portable data collector ; Able to store and transfer up to 2,000 readings from AGT Sensor to PC

**AGT Software**

Standard License	Works completely with limited database of 50 Checkpoints and 10 Identification; Password protection but No user accessibility level
Professional License	Offers unlimited capacity of databases ; User accessibility level ; Network Operation
Reports	Self-Customized Report ; Detail Report ; Short Report ; Anti-Vandal Report ; Route Report ; Missing Report and total more than 20 reports format
Printing	HTML ; CSV File and PDF format

■ ANTI-VANDAL® GUARD TOUR

**PATROL MONITORING SYSTEM**

a reporting device which controls and monitors the operations of the person on duty

# AGT

ANTI-VANDAL® GUARD TOUR

## APPLICATION

### Guard Tour System

### Inspection

### Building Services

### Hospital

### Postal

### Logistic

Residential Commercial Industrial Agricultural Building Condominium Shopping Mall Retail Logistic  
 Factory Plant Medical Hospital Hotel Resort Theme Park Government Sector Transportation Highway

## SYSTEM OPERATION

1 Tag ID

2 Tag Checkpoint

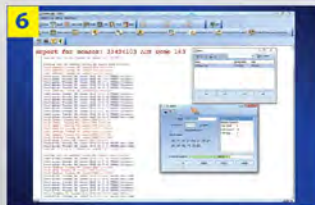

3 Log Events

4 Transfer to Memory Chip

5 Download to PC

6 View Patrol / Tour Reports

## PRODUCTS AND ACCESSORIES

**AGT ergonomic**  
 • Pocket size reader sensor  
 • Reading capacity: 1,000 records  
 • Protection: ANTI-VANDAL® Technology  
 • 10-years battery life  
 • Warranty: 1 year or 1,000 AV points

**AGT extreme**  
 • Pocket size reader sensor  
 • Reading capacity: 2,000 records  
 • Protection: ANTI-VANDAL® Technology  
 • 10-years battery life  
 • Warranty: 3 years or 3,000 AV points

**AGT ultimate**  
 • Pocket size reader sensor  
 • Reading capacity: 16,000 records  
 • Protection: ANTI-VANDAL® Technology  
 • 10-years battery life  
 • Warranty: 5 years or 5,000 AV points

**TAG Checkpoint**  
 • Standard Irremovable Plastic Holder

**TAG ID**  
 • Identify "who"/"user"  
 • Guard ID, Cleaner ID, Nurse ID

**LOG 10 Event Keypad**  
 • 10 Microcans Non-Numeric  
 • 10 Events

**LOG 50 Event Keypad**  
 • 12 Microcans Numerical  
 • 0-9, Clear, Enter  
 • 50 Events / 10,000 Events

**TAG Checkpoint**  
 • Vandal-Proof Irremovable Brass Metal Holder

**Fixer**  
 • Fixing Tool for Vandal-Proof Irremovable Metal Holder

**TAG Memory Chip**  
 • Portable Data Collect  
 • Capacity: 2,000 records  
 • Store and Transfer from AGT Sensor Reader to PC

**AGT Software**  
 • Standard License  
 • Professional License

**TMD USB Adapter**

• Direct download data from AGT sensor or TAG Memory Chip to PC via USB

**DPOINT-LAN**  
 • Remote download via LAN

## AGT ANTI-VANDAL® TECHNOLOGY FEATURES

**VANDALISM HAPPENS but ....Who? When? How?**

With AGT Anti-Vandal® Features, any vandal attempts is **Auto Detected, Recorded and Kept in the Report**
